Black Rock Grill

Our Black Rock Grill cooking stones are made from solid granite and are heated in our specialist oven to a searing temperature of 440°C. The meat is brought to you on the cooking stone rare, sealed and sizzling for you to finish off exactly how you like it. If this is your first time, don't worry, our staff will explain exactly how to safely cook the perfect steak. It's a great social experience!

All of our meat is super fresh and tasty coming exclusively from Taylors Farm Shop in Lathom. No oil or fat is used in the cooking process so these meals may be ideal for those looking for a healthier option or for those fans of "Slimming Watchers"

All Black Rock Grill meals are served with a mixed salad, corn coblette and choice of handcut chips or baked potato.
